

A NOTE TO ROSEDALE GRANDMONT BASEBALL FAMILIES

Our league will do our best to be COVID safe but we need your help.

1. Please take your child's temperature before each game and practice. If your child has a fever, cough, or appears sick, keep them home.
2. Provide your child with a cloth facemask for each game and practice.
3. Equipment sharing must be kept to a minimum. If possible, provide your child with his/her own mitt, batting helmet, and bat (T-ball players do not use batting helmets.)
4. Provide your child with his/her own water bottle or drinks. Teams will NOT be providing this.
5. Please put your child's name on your child's equipment, water bottle, and hat.
6. No chewing gum or sunflower seeds at games or practices and no spitting.
7. If you are assigned a post-game snack, provide individual and pre-packaged snacks and drinks only.
8. Please tell your coach if your child shows any sign of illness or your child tests positive for COVID.
9. Wear a mask and practice social distancing when attending games or practices.
10. Only three players will be allowed in the dugout at any time. Other players will need to remain outside the fence alongside the foul lines. Please help the coaches maintain social distancing between all players (3 feet apart for 9 years and under, 6 feet for older kids.)

PLEASE GET VACCINATED!
